Sequences 59, 10 cpus, 53 random trees

Average weights repartitions on several trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees
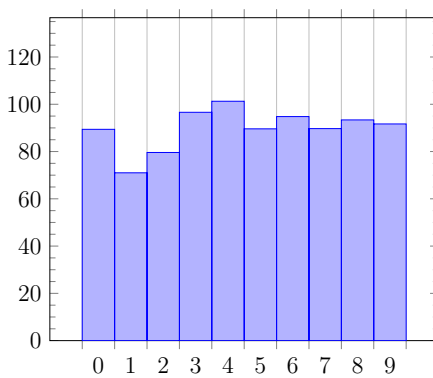

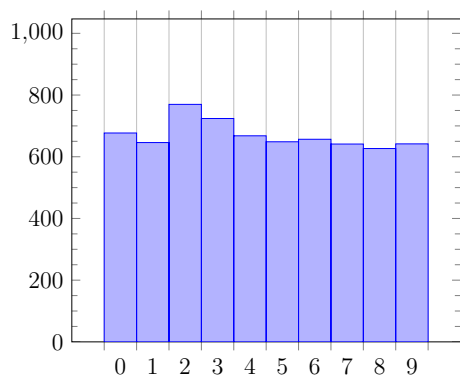

Sequences 128, 10 cpus, 53 random trees

Average weights repartitions on several trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees

Sequences 404, 10 cpus, 53 random trees

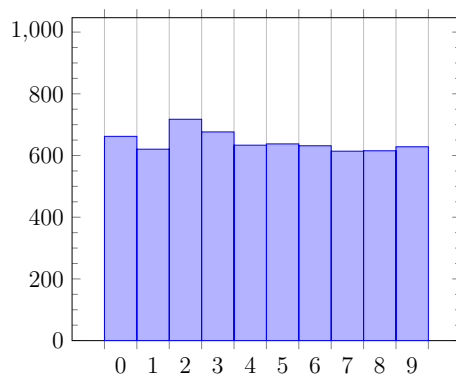

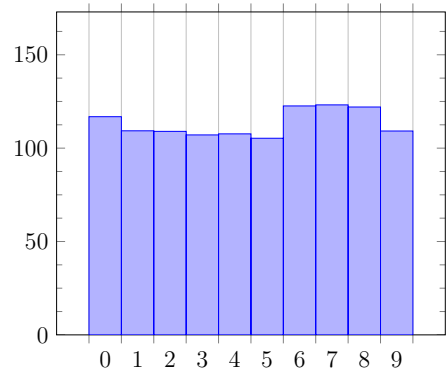

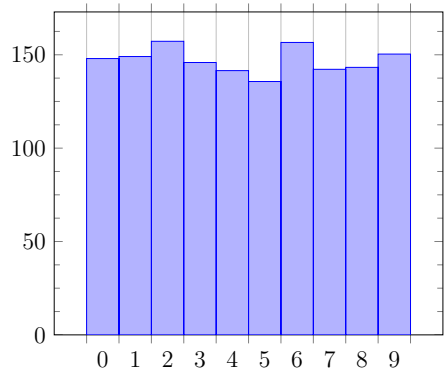

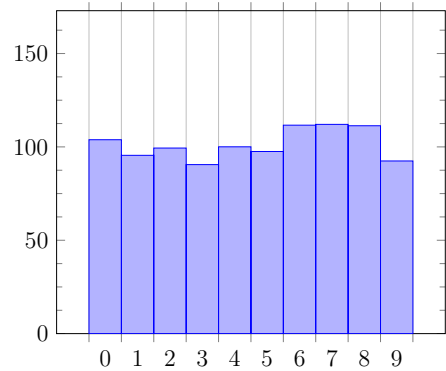

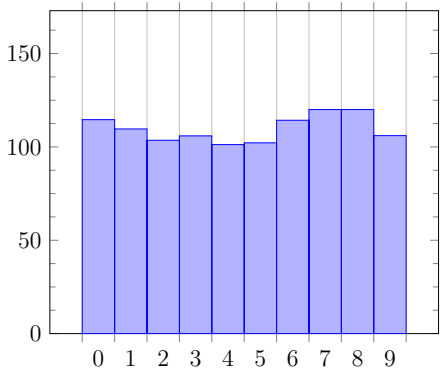

Average weights repartitions on several trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees

Average weights repartitions on one of the trees
